TOWNGREEN|2025
Creating a Carbon Neutral Community

A CARBON NEUTRAL CAPE ANN BY 2025 is the goal of TownGreen|2025. A project of the Gloucester Meeting House, TownGreen|2025 is led by citizens committed to making Cape Ann a model for meeting the challenges of climate change. Through education, collaboration, and practical resources, we're inspiring government, business, and the public to join us on this journey.
